Friday

We did it everyone!

Happy Friday!

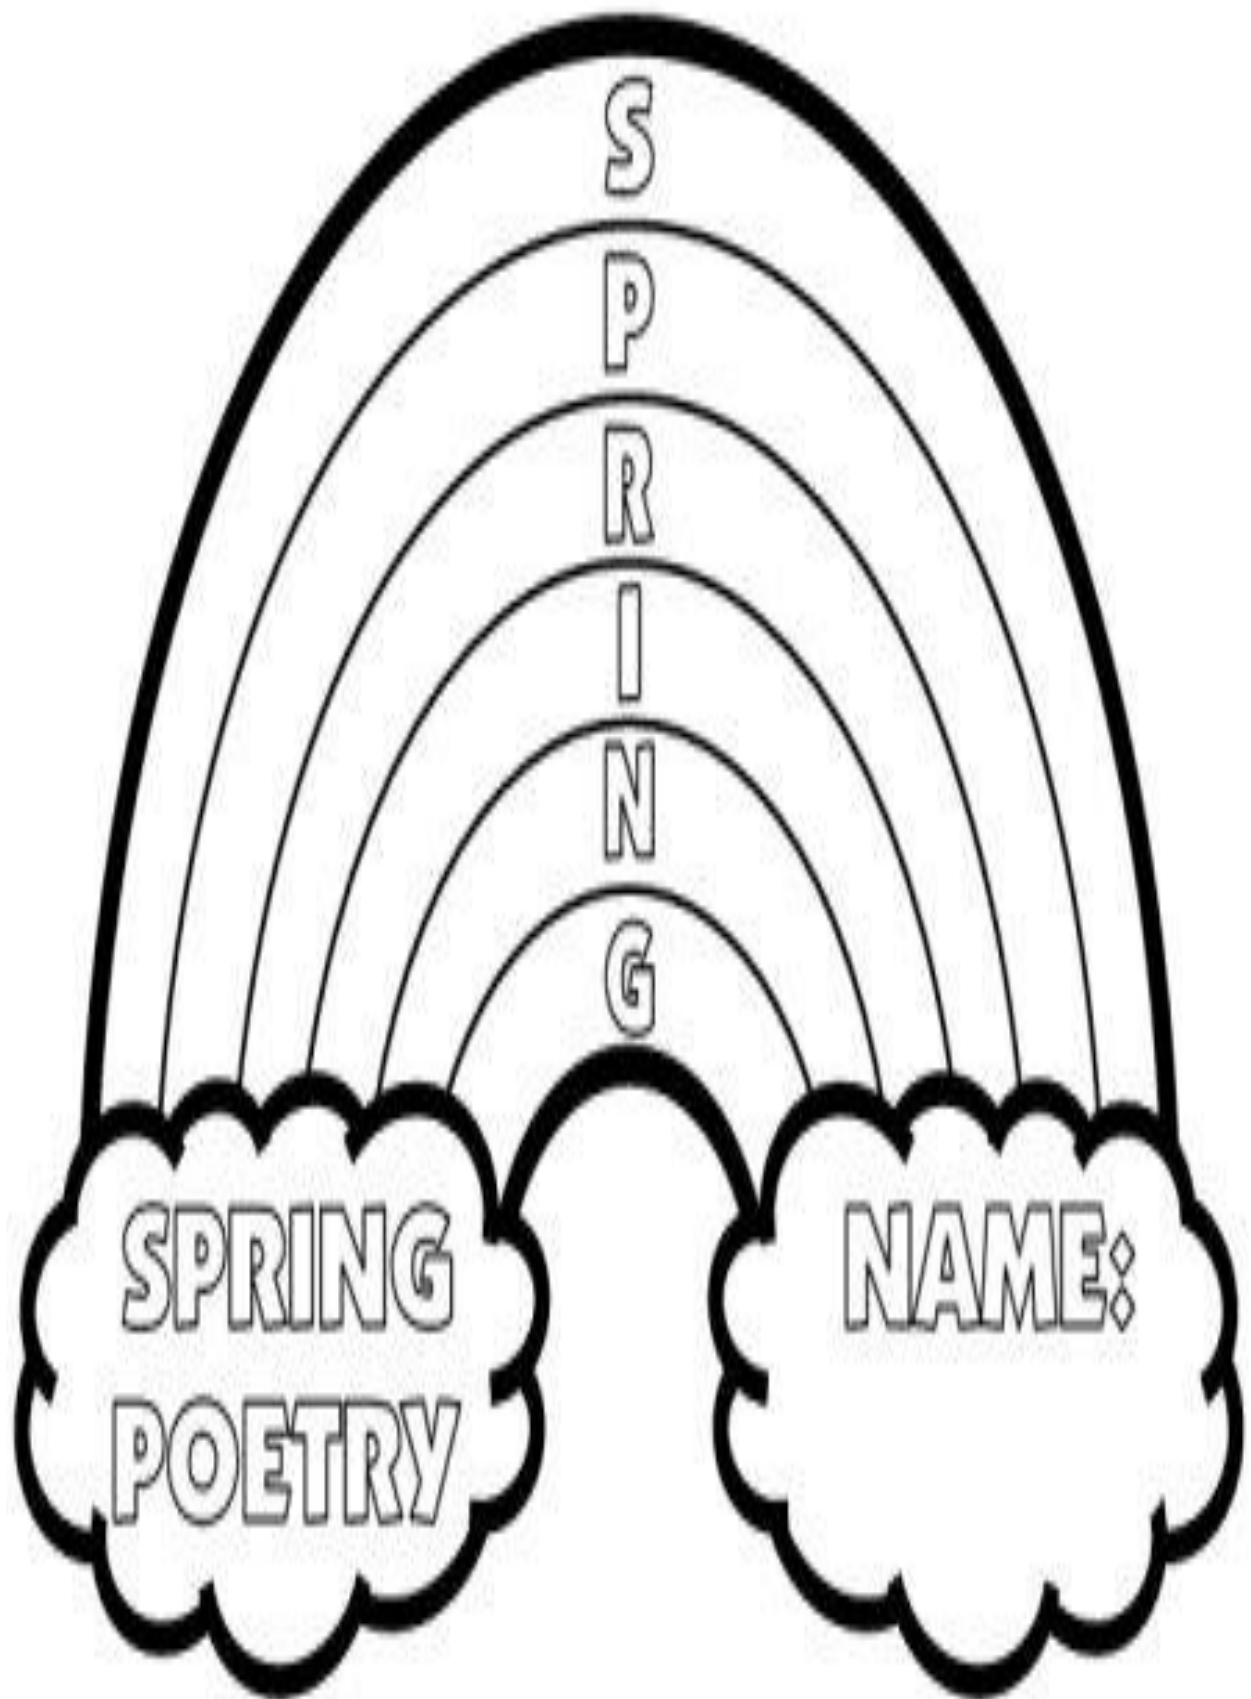

I hope everyone had a great week. I sure did. It flew by so fast!!!! I really hope you have a great weekend with your family. This weekend the weather is supposed to be lovely, so I plan to work outside in my garden. As well, my mom turns 80 years old. Abby and I have been creating a banner for her house. It says Happy 80th Birthday Marg. That is her name. She will love it! We will celebrate her birthday with a Chinese dinner when it is safe for us all to visit each other. Do you have anything special planned for this weekend?

Be safe and healthy everyone. I look forward to learning with you again next week. Mrs. Haidner

WRITING:

I saw this spring poem and it made me smile. I didn't create and I don't know who did. But I thought that you all could do an amazing job at writing a poem. Take a look at the words, think about what you could write and below is a template that you can write your own. Take a photo and send it to me for our newsletter next week. I can't wait to see what you write!

Spelling Task:

Today is spelling quiz day. When I give a spelling quiz at school I will say the word once, then say the word in a sentence and then repeat the word. Then move onto the next word. Good luck friends!

New Lowell Central Public School Library Links:

Ms. Hartley wanted to say hi to everyone. She has been working at home providing students and teachers with many resources. When you go to my blog, you will now see two tabs at the top of the blog. One says 2020 Blue Spruce Books and the other one says

New Lowell Library. Under these tabs you will find stories and online resources. I will keep adding to these areas as information and new resources become known and available. Happy reading everyone!

Math, Math, Math

Today students get to be creative. We are starting to create arrays. Arrays help us solve multiplication questions. Below the person used cereal in their example. You get to select what you want! Take a piece of paper and fold it so you have 4 or 6 boxes. Then use whatever you want to create 4 – 6 different arrays. Take a photo and send it to me. Have fun!

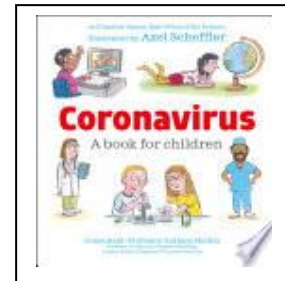

GRADE 2 students are **AMAZING!**

Families,

I have added a link to this story on my blog. If you want a story resource to read with your child, this might be something you want to take a look at.

Have a **FANTASTIC FRIDAY** everyone!
