We love our eggs!

Hi Grade 2's!

I am so excited for this week. We will have many great opportunities to learn together this week. Did you know that this Wednesday is Earth Day! It is the 50th Anniversary this year, which means people around the world have been celebrating Earth Day for 50 years. **Why do you think we have a special day to celebrate the Earth?** I'd love to hear your thoughts. If you want to video your response and send it to me, that would be exciting. I could hear your voice and that would make my heart shine. If that is not possible and you would rather write a response that is awesome too!

This week I would like to highlight photos in the newsletter of you playing outside and celebrating our planet Earth.

Have a great day friends. It is supposed to be warmer and sunny today, so make sure you find some time to be outdoors. ~Mrs. Haidner~

My Weekly Spelling Word List

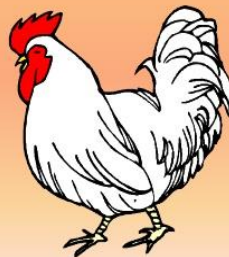

Group A	Group B	Group C
1. late	1. some	1. stick
2. gave	2. come	2. trick
3. cone	3. home	3. back
4. line	4. fun	4. zoo
5. feet	5. funny	5. root
6. jeep	6. run	6. quick
7. snake	7. running	7. look
8. use	8. ran	8. looked
	9. us	9. pack
	10. use	10. cook

Spelling Task:

1. Write your spelling words in your agenda, on a piece of paper or on a computer.
2. Spelling Word Sentences:
 - **Group A – Select 3 Spelling Words – Write the spelling word and then write your word in a sentence. Make sure to underline your word.**
 - **Group B – Select 5 Spelling Words – Write the spelling word and then write your word in a sentence. Make sure to underline your word.**
 - **Group C – Select 8 Spelling Words – Write the spelling word and then write your word in a sentence. Make sure to underline your word.**

•Interesting facts

- Chickens enemies are hawks, bobcats, snakes , skunks, owls , raccoons , and foxes.
- The gizzard is the part that helps the chicken grind it's food.
- The father (Rooster) makes a crowing sound that sounds like Cock-a-doodle-doo.
- There are 175 varieties of chickens.
- A hen lays a average of 300 eggs per year.
- A chick takes about 21 days to hatch.

Look at the interesting chicken facts that I found about chickens. Researching new topics is so fun. I didn't know that a hen will lay 300 eggs per year. Wow! **How many eggs will we have all together in one year from now? I wonder who will solve this problem?**

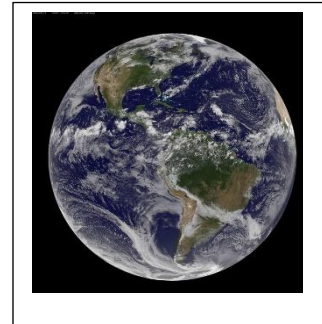

Web Site of the Day:

Don't forget to visit (kjhaidner.edublogs.org)

NASA for Kids

_____ X _____ = _____

How many groups? How many in each group?

3.  + + + =

_____ X _____ = _____

How many groups? How many in each group?

Science Task - Ms. Forrest

What uses electricity?

Take a tour around your house. Which items in each room use electricity? Make a list.

Think about the following questions:

- How do you know that the items on your list used electricity?
- What are some things that you couldn't do if there was no electricity?
- How would your life be different if you didn't have electricity?
- What good things could come from not having electricity?

This activity came from [Let's Talk Science](#). Check it out!

Have a **Marvelous Monday** everyone!
