Bentley created his fraction pizza this week. It looks like he is eating  $\frac{1}{8}$  of his pizza. Yum!

Friday May 8, 2020.

Happy Friday Grade 2's.

Last night, Pete and I went for a walk around the farm. I thought I should check on our robin eggs as I had not done that earlier in the day, and look what happened. The robin babies hatched! I didn't have long to look at them because I didn't want the mother robin to get upset, so I quickly took a picture so you could see them and then I quickly left. Wow... I love nature!

I would like to wish all your moms a very Happy Mother's Day this weekend. Your mom is a very special person, so make sure she feels loved on Sunday...and on every other day too.

Have a wonderful weekend.

### Joke of the Day:

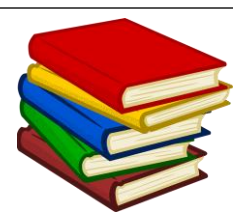

Q: What did the mommy cat say when her kittens brought her warm milk on Mother's Day?

A: It's purrrrrfect.

### Reading:

Remember that each day your goal is to read for a minimum of 15 minutes a day. Record your reading on your reading log or on a piece of paper.

# Mother's day Card Activity

I hope you have a chance to make your mom a Mother's Day card today. I have provided you with an idea if you want to use it. The pattern for this card is below and I have also given you the pattern for your grandma or aunt. Have fun!

Print the centre down over the petal edges.

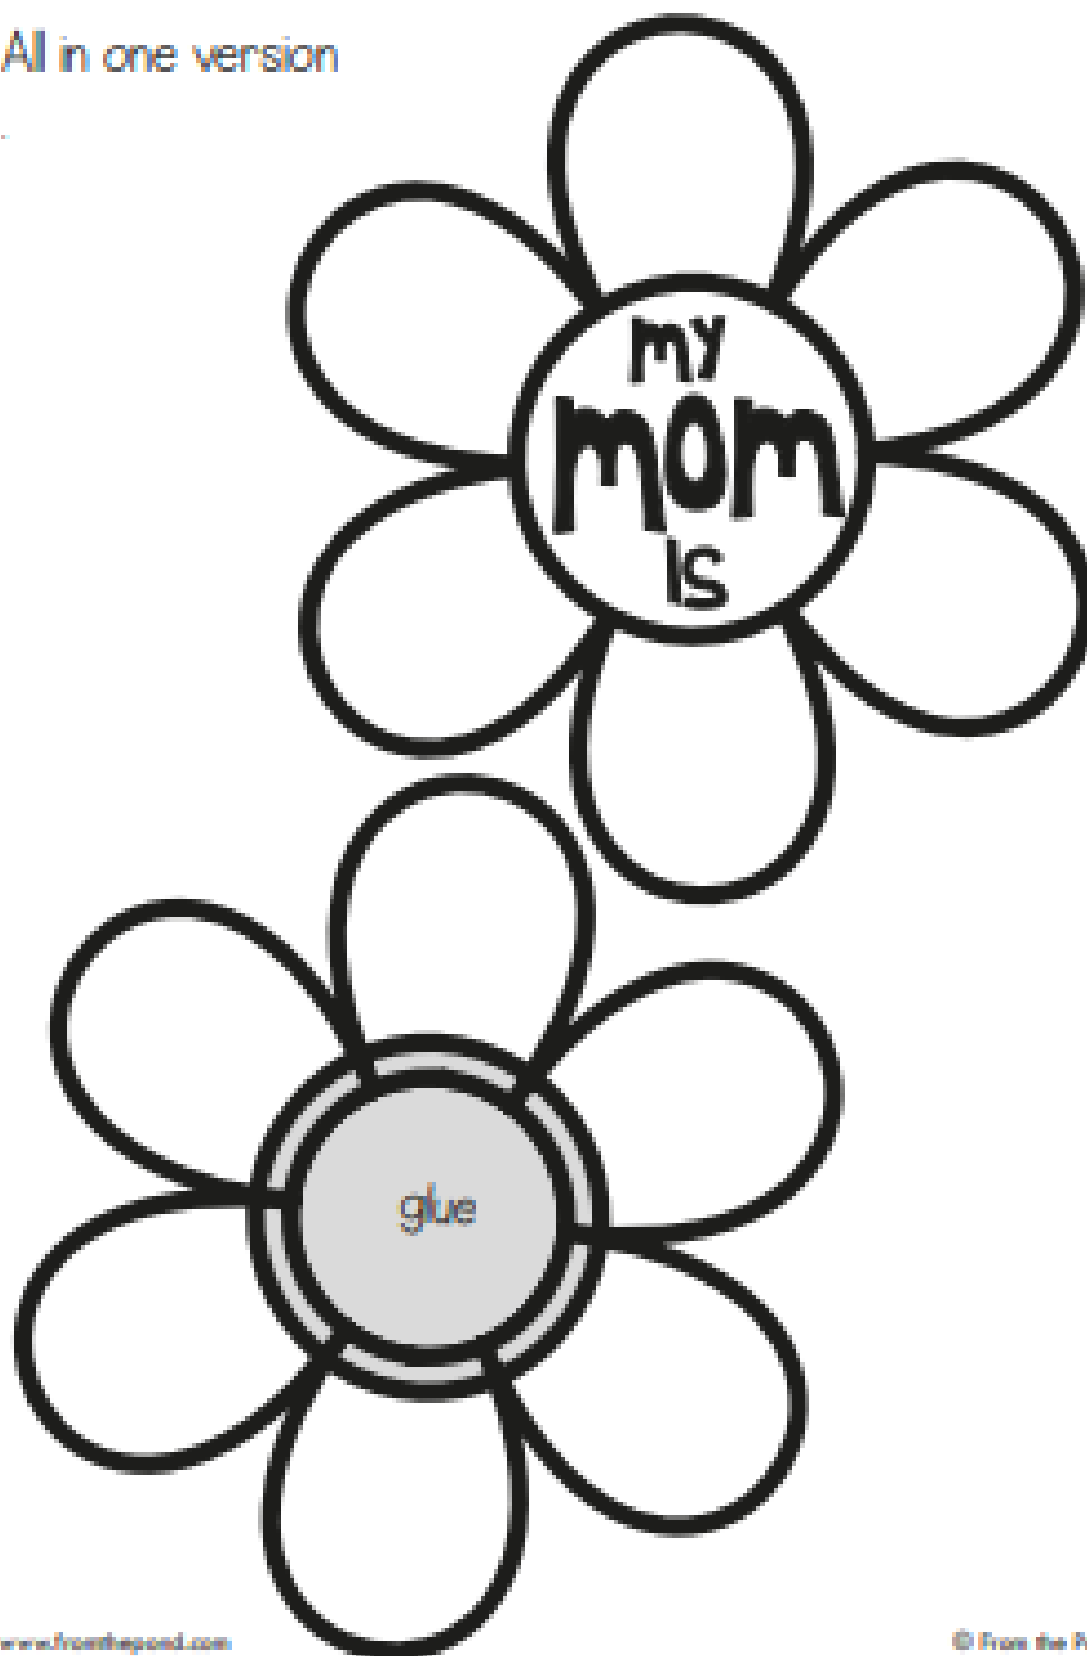

Lift each petal to read the words.

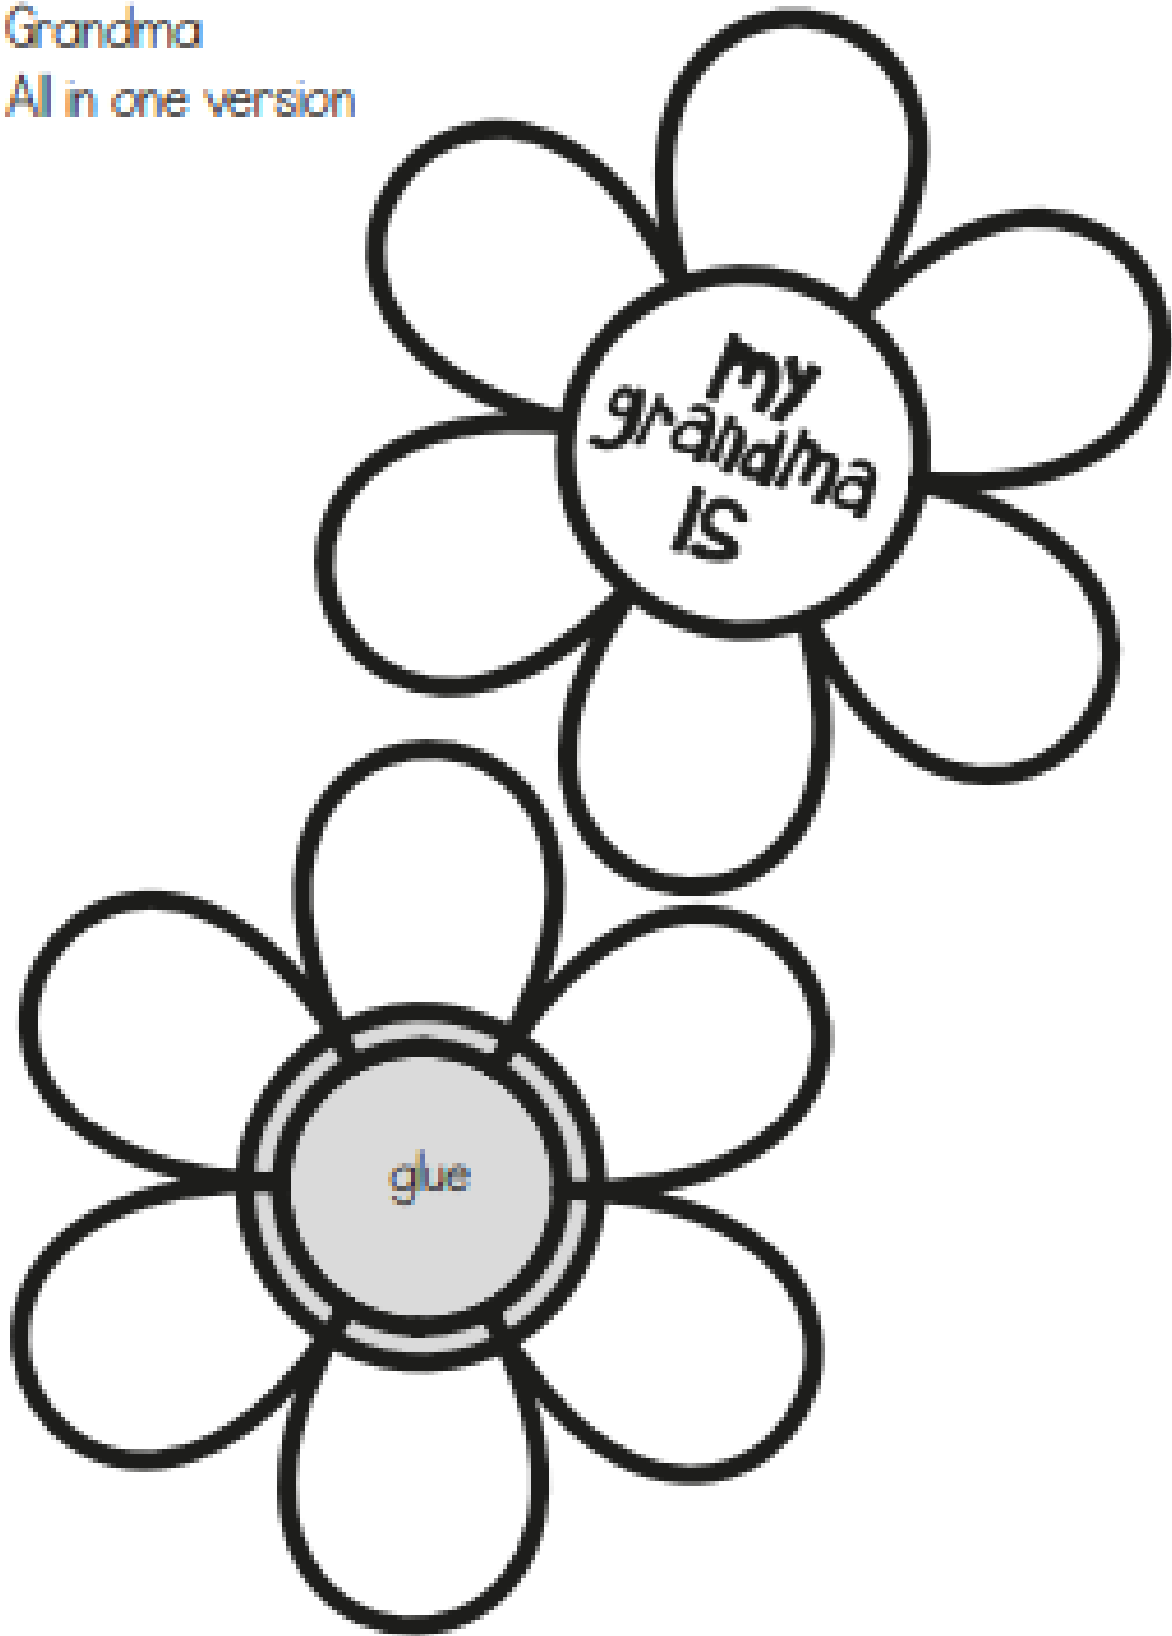

Glue the "Happy Mother's Day" message inside the card.
